XDCi Express Deposit and Change

The XDCi Express Deposit and Change solution is a unique self-service device that combines in a single, compact unit two critical transactions that business customers need nearly every day:

- buying rolled and loose coins to replenish their tills, and
- depositing their end of day takings secured in tamper-evident, barcoded bags quickly and securely.

BENEFITS

- **MIGRATE CASH TRANSACTIONS TO THE SELF-SERVICE WALL**
  The XDCi-N allows financial institutions to fully automate time-consuming, low-value transactions, while continuing to provide critical cash services specifically designed for business customers.

- **OFFER A QUICK AND SMOOTH EXPERIENCE TO YOUR CUSTOMER**
  Business customers no longer need to pre-order change or visit the branch during business hours to complete a deposit. Essential cash transactions can now be accessed quickly, securely, and on-demand at the self-service wall.

- **EASY RECONCILIATION AND AUDIT OF DEPOSIT**
  Each deposit is recorded in detail, identified by account ID, timestamp and barcode. The Branch Staff or Cash Management Provider are supplied with a full report of transactions for easy reconciliation, dynamic cash management and AML compliance.

- **LOW COST OF OWNERSHIP**
  The XDCi-N solution boasts a swift operation and exceptional uptime, making it ideal for financial institutions seeking to reduce operational costs.
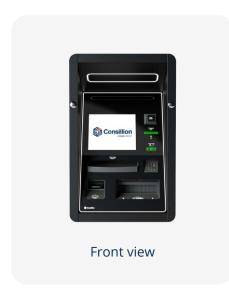

PROCESS FOR CHANGE DISPENSE AND DEPOSIT

1. **PREPARATION** - The user prepares a deposit bag or change inventory

2. **VERIFICATION** - The user goes to the XDCi and verifies their account by inserting a valid account card in the card reader or by entering their account number and sort code via touchscreen or keypad

3. & 4.

VALIDATION - The user enters the amount of cash and cheques in the bag (optional)

DEPOSIT - The user scans the barcode and inserts the bag into the chute

EXCHANGE - The user enters a banknotes into the validator, then selects the change required by denomination

DISPENSE of rolled and loose coins

4. **ACKNOWLEDGMENT** - The XDCi will provide a unique acknowledgment of the transaction, recording account ID, time stamp and barcode number.
