

Easy Note Breaker

Made of high quality components, the EBB is a compact banknote exchanger, designed to allow customers to easily change their high value banknotes to smaller denominations.

FEATURES

- User friendly - Banknotes are quickly and accurately recognised in any face or orientation, and the value is dispensed automatically based on the distribution settings selected. LCD screen guide assists the user step by step through the process.
- Reliable - The notes dual dispensing cassettes (capacity 800 notes each) use bank technology and ensure quick (>3 notes/second) and reliable dispensing of 2 denominations.
- Practical - Reading settings and information can be done without opening the door thanks to an infrared connection. Control can be securely carried out during opening hours.
- Easy to manage - The front door of the EBB gives access to the two main modules of the machine. To refill the dispensing cassettes, the manager/ CIT company just have to withdraw it, open it and then insert new notes.
- Dispensing: 2 denominations, 800 notes each
- Acceptation: 500 notes stacked in a cassette
