

SMART K3-A

The Smart K3-A is a new heavy duty multi-pocket sorter designed to provide great usability, flexibility and high speed banknote processing to medium to large venues.

The unit's all-in-one modular sensors provide remarkable accuracy while two sorting pockets and individual reject pocket ensure high speed counting and sorting.

The K3-A has the ability to complete note clearance and TITO image scanning at the same time.

FEATURES

- High performance value counting speed - 1000 notes/minute.
- All round performance with optimum capacities- capacity hopper (1000 notes), Stacker capacity (200 notes), Reject Capacity (200 notes).
- Counts, authenticates and sorts banknotes by denomination, orientation and facing.
- Reads and scans barcode tickets, saving to USB. Speed: 1000 tickets/minute.
- Smart Detection Module with UV, MG, IR and CIS sensors for remarkable accuracy with each pass.
- 7" External Touch Display.
- Built-in clearance program.
- Able to connect to the Central Monitoring System and Cash Management Software.
- Durable and easy to maintain.
- Ability to complete note clearance and TITO image scanning at the same time.
