

T-iX 2000

The T-iX 2000 counts packaged coins, notes, coupons and tokens, designed for businesses wishing to streamline their cash processes for tighter control.

This unit counts a cash drawer (including gift vouchers and tokens) and prepares for bank deposits in under a minute.

FEATURES

- Counts in 4 modes; loose, clip, bundle or sleeve.
- Faster count enables more audits and checks to be performed, identifying discrepancies in real time.
- Bank deposits can be prepared promptly using full roll and strap mode feature, alerting the user to any errors, while providing an overview of daily cash takings.
- Large backlit display in high resolution enables the use of larger text and clear icons for quick and easy operation.
- Instinctive menu structure featuring HOME key for main menu access, header text and scroll bars for clear navigation.
- Damage resistant design.
