

T-iX 1000

The T-iX 1000 is an accurate note and coin scale. It allows staff to count a full cash drawer (including gift vouchers and tokens) in under a minute, hence reducing cash-up time by up to 70%.

Fitted with full graphic display and soft touch keys for easy navigation, this is a ideal solution for any business processing cash.

FEATURES

- Counts cash whether loose, rolled or in bags.
- Self-calibrates as the device is used- averages out the weights of the currency used so service needed is virtually nil.
- Offers maximum versatility with both automatic adding and scrolling functions.
- Summary screen gives full breakdown of denominations and totals.
- Large backlit display with written and graphic instructions.
- Clear menu structure and directional navigation keys.
- Quick checks for errors or discrepancies.
- Compact size with carry grips for easy portability.
- Includes an illustrated quick start guide.
- Options include rechargeable battery.
