# REPORTING & ANALYTICS

Full visibility of cash, anytime, anywhere

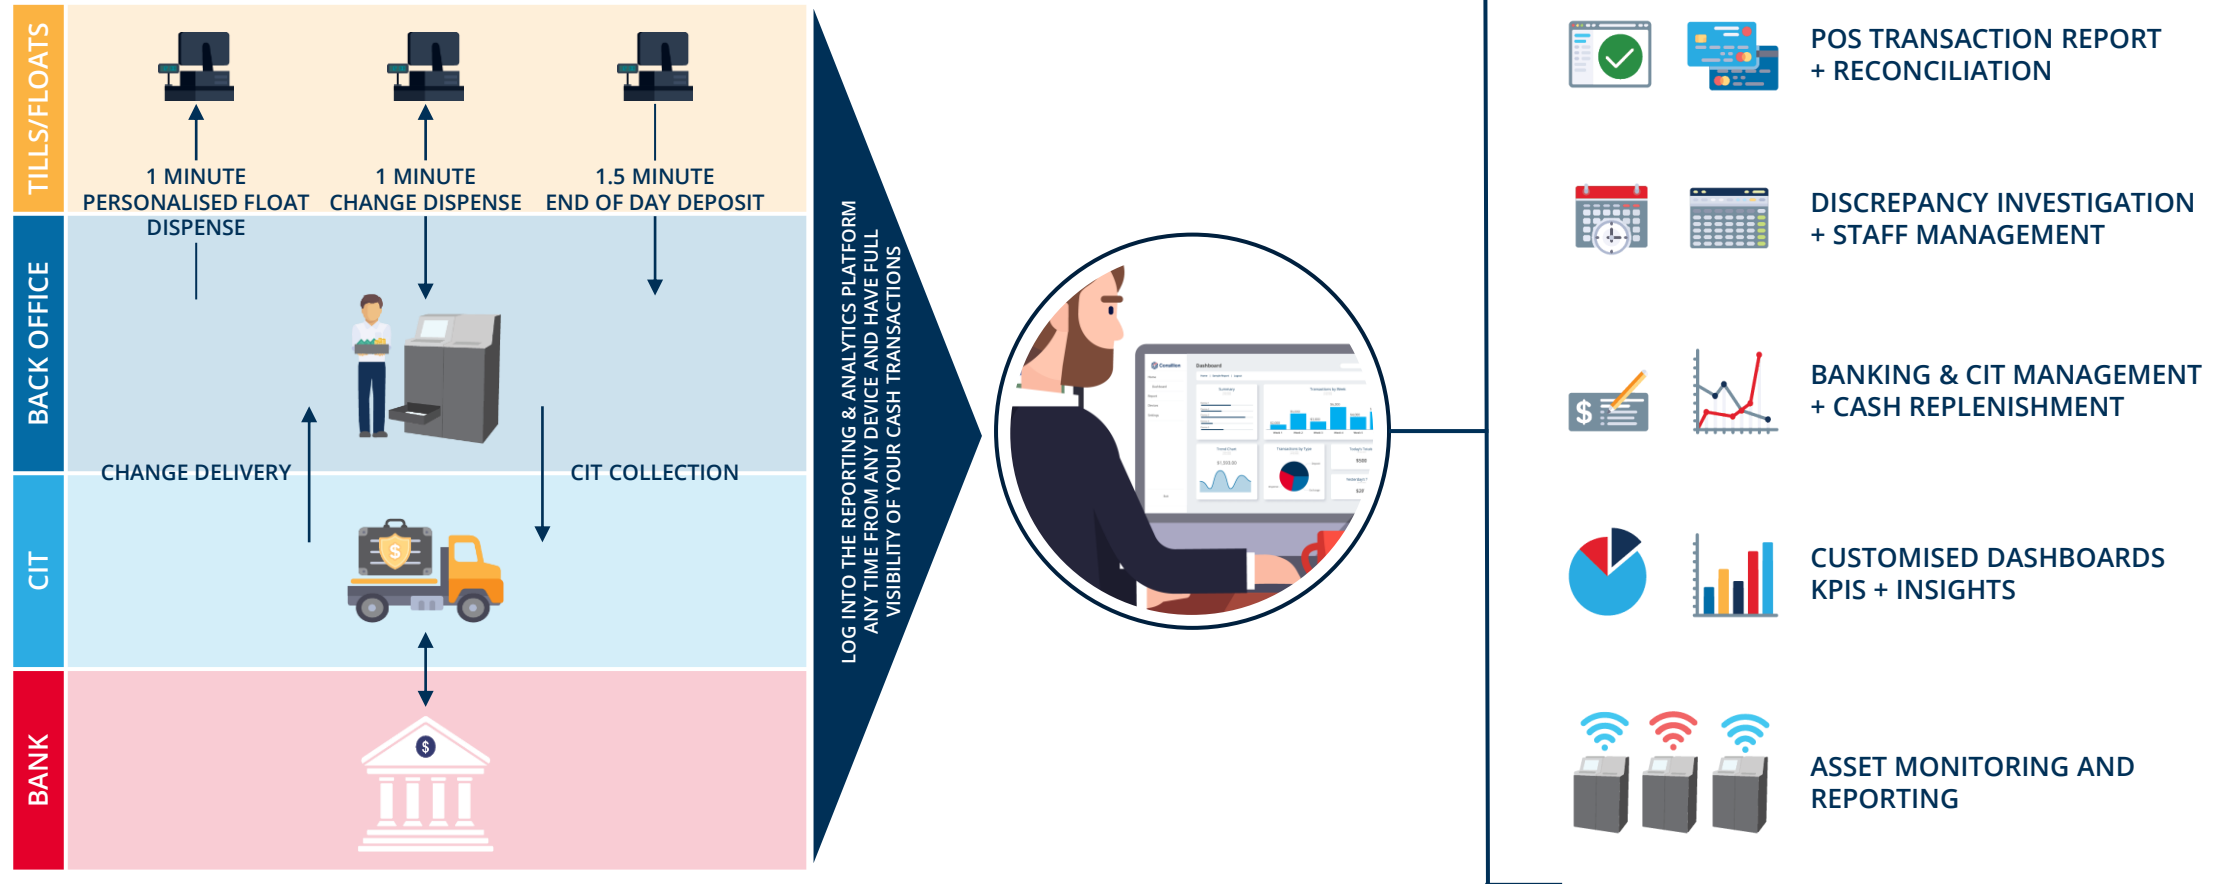

A user-friendly dashboard that offers full tracking, reporting and monitoring capabilities.

Compatible with our:

- Smart Deposit Devices
- Dispense Devices
- Cash Recycling Machines

# REPORTING & ANALYTICS – HOW IT WORKS

# REPORTING & ANALYTICS – STANDARD FEATURES

## Full Tracking and Reporting

- Track cash transaction data by user ID, machine, department, store, state, or any other parameter.
- Optimise cash levels by monitoring cash usage and movements.
- Immediately spot unusual transactions or trends using exception reporting.
- Use advanced filters to find specific transactions or a series of transactions.
- Track the expected cash deposits vs actual cash deposits\*.
- Report on sales, inventory, cashier performance.
- Low denomination and machine fault alerts are available.

## DIY Dashboard Management

- Full filtering, sorting & pivoting capability.
- Easy data drill down and clustering.
- Add, remove, & modify graphing widgets.
- Display key metrics.
- Share & download reports and graphics in CSV or PNG.
- Create personalised dashboards and share them with your team.
- Set different permission levels for each user to visualise and manage the data displayed differently.
- Easily change time intervals and data summarisation levels.

# REPORTING & ANALYTICS – ADD-ONS

## PETTY CASH PAYMENTS

Use the Reporting & Analytics Platform and your Cash Recycling machine to pay small suppliers and casual/temporary staff, dispense Aircrew and staff allowances, and refund staff for out-of-pocket expenses.

## POS INTEGRATION

Receive real-time POS variances alerts and daily POS reconciliation reports. Integrate your POS with your Cash Recycling Machines, and have full visibility of your POS variances 24/7

## SUPLLIER PAYMENTS

Pay suppliers straight from your Cash Recycling machine without the need to set up the payment in advance. Log into the machine, introduce the amount you wish to redeem, and dispense it in cash in just a few seconds.

## EDITABLE DASHBOARDS

Create your own Dashboard Templates and Widgets to reconcile all your data in the Reporting & Analytics Platform. This module allows you to enter data from external systems to quickly reconcile Balances for end-of-day, end-of-week, end-of-month processing.

# OUR CASH RECYCLING RANGE

Consillion offers a wide range of cash automation solution to address customer's specific pain points when handling cash, all accessible through one central cloud-based platform.
