

S4E SMART SAFE DEPOSIT SOLUTION

S4E SMART SAFE DEPOSIT SOLUTION

Consillion's smart safe deposit is a proven solution especially designed for the retail and hospitality industries, with over 350,000 devices rolled out worldwide.

The Tidel S4E is a customisable under-the-counter deposit note solution with the ability to add different modules based on customers requirements for a full tailored solution. Modules include the dispense of coins and notes, dispense rolled coin, and enable expanded note deposit and validation capabilities.

The S4E seamlessly integrates with the Sesami Enterprise Software (SES) cloud-based platform, allowing real time tracking, automated reconciliation, and providing customers full visibility of all transactions per location.

BENEFITS

Ideal for petrol and convenience, pharmacies, QSR, and franchise model

Reduce labour cost by removing manual cash counting and removing the need for physical banking activity

Streamline processes: Till preparation, change requests, and banking

Enhance security and safety

Minimise financial loss

Visibility in real time via the SES Platform

Increase cash flow with same day banking

S4E EXPANSION MODULES - DESCRIPTION AND FEATURES

BASE

EXPANSION MODULES

	S4E SMART SAFE DEPOSIT	TUBE VEND	BULK COIN AND NOTE DISPENSER	ROLLED COIN DISPENSER	LOW CAPACITY NOTE DISPENSER
Description	The S4e and supported peripherals enable retail and hospitality venues to recycle coins, dispense coins and notes, and scale their note deposit and validation capabilities. It also contains an integrated thermal printer with receipt cutter.	When utilised alongside the S4e, the Tube Vend assist venues in handling their in-store change funds, minimising the chance of internal theft, optimising in-store management, and enhancing overall operational efficiency.	The Bulk Coin and Note Dispenser, when paired with the S4e, is designed for venues that have a need to dispense notes and coins in high volume, leveraging one integrated system. The Bulk Coin and Note Dispenser offers coin and flat note dispensing in any quantity.	The S4e Rolled Coin Dispenser, powered by the S4e, offers a convenient way to dispense rolled coin on demand, using a secure and auditable process. It is an ideal solution for high volume cash environments.	The S4e Low Capacity Note Dispenser is designed for venues that have a need to dispense notes throughout the day, using a secure and auditable process.
